The Participants Committee,

1. Decides to amend Section 8.3 of the Charter as follows:

1) direct involvement in preparing and/or implementing the Emission Reductions Program which is under consideration by the Carbon Fund Participants, including the preparation of the Emission Reductions Program Idea Note and Emission Reductions Program Document for the Emission Reductions Program concerned; and/or

2) engagement in a separate transaction for Emission Reductions from the same Emission Reductions Program which is under consideration by the Carbon Fund Participants.

If the Carbon Fund Participant fails to disclose the relevant involvement, the Facility Management Team will determine what appropriate action to take after consultation with the other Carbon Fund Participants.

If the disclosing member of the Participants Committee or any other member of the Participants Committee disagrees with the Facility Management Team’s determination, the Participants Committee (excluding the disclosing member of the Participants Committee) will decide whether the disclosing member of the Participants Committee should be permitted to participate in the deliberation, discussion and/or decision related to the REDD Country Participant’s REDD Activities.

(c) A member of the Participants Committee from a REDD Country Participant shall recuse itself from taking part in any decisions related to that country’s activities undertaken pursuant to relevant provisions of this Charter, including, without limitation, matters related to its Readiness Preparation Proposal and grant allocation referred to in Section 11.1(b) and (c) and endorsement of some or all elements of its Readiness Package referred to in Section 11.1 (d).
