

COCOA & FOREST KNOWLEDGE EXCHANGE PROGRAMME SUSTAINABLE COCOA INITIATIVES THROUGH AGROFORESTRY

WIDER GROUP SESSIONS WITH STAKEHOLDERS OF THE COCOA VALUE CHAIN

To ensure a truly sustainable cocoa value chain, we need alignment at all levels. This program brings together key actors from Latin America and Africa to promote sustainable cocoa through agroforestry.

WIDER GROUP SESSIONS WITH STAKEHOLDERS OF THE VALUE CHAIN

This is a second half of a learning program with a core **Cocoa and Forest Knowledge Group** that took place from January to May 2021. This part will make use of the increased accessibility the virtual space offers, the program will be open to wider stakeholders' groups from each of the participating countries and other parties interested in sustainable cocoa initiatives. The methodology will ensure ownership by the core group who will be co-facilitators in sessions on the local, regional and international context of cocoa space for regional discussions and networking with relevant actors in the sector.

6	17 JUNE INTERNATIONAL COCOA CONTEXT
7	07 JULY AFRICAN & LATIN AMERICAN COCOA CONTEXT
8	26 AUGUST REGIONAL MEETINGS IN AFRICA & LATIN AMERICA
9	15 SEPTEMBER NETWORKING
10	13 OCTOBER CLOSURE & NEXT STEPS

6

INTERNATIONAL COCOA CONTEXT
17th JUNE - 2.5 HOURS

Dialogue regarding process in which the international context is moving into a long-term resilient cocoa value chain in terms of equity, inclusion, climate change and market challenges guided by new consume tendencies and legislations.

Webinar with 2 panel discussions and key speakers.

7

AFRICAN & LATIN AMERICAN CONTEXT
07th JULY - 2.5 HOURS

Exchange of knowledge on how the leading cocoa producing countries are facing productive, financial, quality standards, and enviromental challenges, what are some of the multistakeholder agreements on sustainable cocoa and how the market is replying to regional contexts with agroforestry arrangements..

Webinar with 2 panel discussions and key speakers

8

COCOA REGIONAL MEETINGS
LATIN AMERICA & AFRICA
26th AUGUST - 2 HOURS

Regional Discussions to collect input for the co-construction of a Global Sustainable Cocoa Network which includes all actors of the cocoa value chain (from farmers to traders to policy makers) and define next steps. This will also help the group to prepare for the networking session.

Workshop

9

NETWORKING
01th SEPTEMBER - 3 hours

Facilitate access among key stakeholders and strategic partners of the cocoa value chain to promote and boost a Global Sustainable Cocoa Network.

Networking

GISCO

10

CLOSURE AND NEXT STEPS
13th OCTOBER - 1.5 HOURS

Socialization of final thoughts of the programme, make a balance of the each person and group process and evaluate the accomplishment of goals. Set future commitments and next steps.

Plenary conversation
