

## Forest Carbon Partnership Facility

### **8c. Reorganization of Capacity Building Programs**

Twelfth Meeting of the Participants Committee (PC12)

Santa Marta, Colombia

June 27-29, 2012

# Recap

- **PC10 Resolution:**
  - PC provisionally allocated “US\$ 5.5 million for FY12-15 (July 1, 2011 – June 30, 2015) for the enhanced support for engagement of CSOs and Forest-Dependent Indigenous Peoples and Forest Dwellers in REDD+ readiness process, subject to availability of resources in the Readiness Fund”
- **FMT proposal to PC11:**
  - Southern CSO Capacity Building Program: \$2 million
  - Indigenous Peoples Capacity Building Program: \$3.5 million
- **PC11 co-chairs’ summary :**
  - “Local communities are eligible to apply for support under the Capacity Building Program for Forest-Dependent Indigenous Peoples and Forest Dwellers. The language on eligibility and budget will be clarified accordingly in the guidelines to be prepared for this capacity building program”

# Where Do “Local Communities” Fit?

- PC12 discussions

- Request to channel resources for capacity building to local communities through the southern CSO program given the inter-linkages that commonly exist between non-indigenous forest dwellers and southern CSOs
- This does not imply any change to the FCPF Charter’s reference to “Forest-Dependent Indigenous Peoples and forest Dwellers”, nor to the World Bank’s Operational Policies and Procedures, including OP 4.10 on Indigenous Peoples

# How to Structure and Administer Funds?

- Switch from contracts to small grants
  - Request for a transitional period while the rules are being designed
- Intermediation
  - Regional Indigenous Peoples organizations?
  - Regional/global CSO(s)?
  - IFAD's Indigenous Peoples Assistance Facility (IFAF)
- Alignment with the FIP Dedicated Grant Mechanism's Global Component
- Call for proposals or some other selection method?

# Selection and Link to Other FCPF Activities

- What Activities to Finance?
  - Positive list?
  - Negative list?
  - No list?
- Selection criteria
  - Related to eligible organizations and types of proposals
  - FMT will circulate a draft list of criteria and seek comments from the relevant Observers
- Link to Overall Needs for Capacity Building
  - Additional, not a substitution
