## **Annex**

### **Summary Report Prepared by the FMT**

The PC noted that the R-PP formulation process to date has been a positive one, and that the R-PP offers good opportunities for other REDD countries to learn from Mexico's experience.

#### **Key Issues**

The following are the key issues that Mexico needs to address before entering into a Readiness Preparation grant agreement with the Trustee of the Readiness Fund:

1. The roles of the non-forest sector institutions in the REDD national management structure need to be clarified to ensure that those institutions are adequately involved.
2. Component 2c of the R-PP on the implementation framework needs to be further elaborated to meet the standards of this component.
3. Initial engagement on the R-PP with representatives of key stakeholder groups should include Indigenous Peoples.
