

Widening Informed Stakeholder Engagement for REDD+ (WISE REDD+)

WISE REDD+ will work in five target countries (Costa Rica, Kenya, Peru, Suriname, and Vanuatu) to broaden and strengthen informed stakeholder engagement in national Reducing Emissions from Deforestation and forest Degradation and the role of conservation, sustainable management of forests, and enhancement of forest carbon stock (REDD+) readiness programs, by supporting governments to implement the stakeholder engagement components of their FCPF Readiness Preparation Proposals (R-PPs) and Emissions Reductions Programs (ER Programs).

Partners
Project implementing partner/sub-grantee: Association for Indigenous and Smallholder Farmer Forestry Community Coordination (ACICAFOC)

In close coordination with: World Bank, FONAFIFO, REDD+ Executive Committee

Key Deliverables

- Culturally appropriate materials and capacity building for indigenous peoples with cultural mediators
- Support for indigenous peoples' and small landholders' participation in decision-making meetings
- Multi-stakeholder dialogue on current trends on RL and MRV, ER registries design

Project Lead

Ricardo Ulate, CI-Costa Rica (rulate@conservation.org)

Partners
Project implementing partner/sub-grantee: Helvetas Swiss Intercooperation

In close coordination with: Inter American Development Bank (IDB), Ministry of Environment (MINAM), National Indigenous REDD+ Roundtable, National REDD+ Roundtable

Key Deliverables

- Capacity building strategy for training of trainers program;
- Dialogues with regional, national and indigenous REDD+ roundtables
- Assessment of REDD+ stakeholder engagement initiatives including FCPF and FIP
- Revision of R-PP and Readiness Package

Project Lead

Milagros Sandoval, CI-Peru (msandoval@conservation.org)

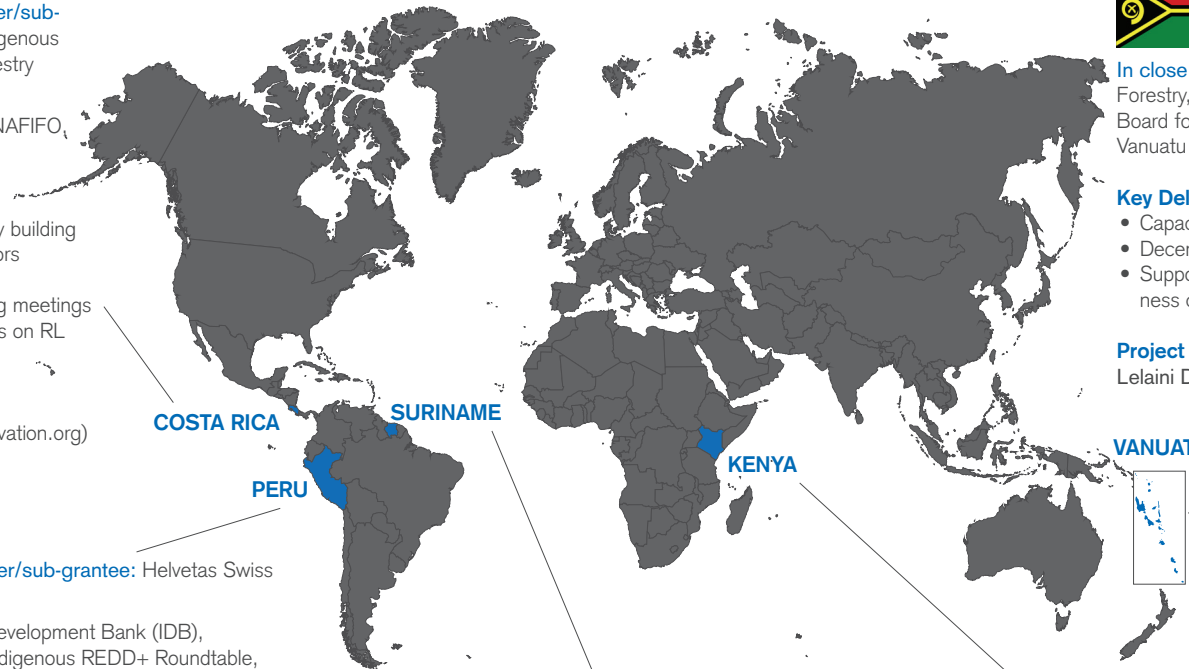

WISE REDD+ at a glance

Purpose: to strengthen and broaden stakeholder engagement for REDD+ in Costa Rica, Kenya, Peru, Suriname, and Vanuatu

Funding: USD \$2 million from United States Department of State

Project period: September 2013–May 2016

Project Director: Luis Barquin, CI (lbarquin@conservation.org)

Partners
Implementing partner/sub-grantee: Live and Learn Environmental Education (LLEE)

In close coordination with: World Bank, Department of Forestry, Project Management Unit of the National Advisory Board for Climate Change and Disaster Risk Reduction, Vanuatu Climate Action Network

Key Deliverables

- Capacity building strategy; workshops for target groups
- Decentralized SESA consultation process
- Support implementation of national-level REDD+ awareness campaign for target groups in English and Bislama

Project Lead

Lelaini Duffy, CI-Pacific Islands (lduffy@conservation.org)

Partners
In close coordination with: United Nations Development Program (UNDP), National Institute for Environment and Development in Suriname (NIMOS), Climate Compatible Development Unit (CCDU), Tribal and Indigenous Representatives

Key Deliverables

- Dialogues to increase understanding and engagement of IPs and tribal communities in REDD+
- REDD+ community capacity building strategy and materials in Dutch
- Government capacity building workshops in REDD+ Readiness, Community Engagement and FPIC

Project Lead

Eunike Misiekaba, CI-Suriname (emisiekaba@conservation.org)

Partners
Project implementing partners/sub-grantees: International Union for Conservation of Nature (IUCN) Eastern and Southern Africa Regional Office (ESARO), East African Wild Life Society (EAWLS)

In close coordination with: World Bank, REDD+ Technical Working Group, REDD+, Coordinating Unit at MEWNR

Key Deliverables

- Identification of stakeholder engagement platforms for consultations on SESA and REDD+ including IPs, multisectoral groups, government
- Capacity building for key stakeholder groups on specific REDD+ issues; including governance, gender and benefit-sharing
- Documentation of lessons learned from stakeholder consultation process to enrich SESA process and other REDD+ activities through development of policy briefs

Project Lead

Robert Wild, IUCN-ESARO (Robert.WILD@iucn.org)
