

Forest Carbon Partnership Facility

Session 3a.

FMT Update Second FCPF Program Evaluation

Twentyfirst Meeting of the Participants Committee
(PC21)

Washington DC

May 3-5, 2016

Background (1)

- FCPF Charter mandates need for Evaluation as follows:
 - Article 17: Evaluation of the Operation of the Facility
- Process of Evaluation

“shall be conducted by an independent third party, including the Bank’s Independent Evaluation Group in line with rules of that group”
- FCPF Info Memo
 - FCPF internal review of effectiveness of FCPF program delivery
 - FMT to assess and prepare evaluation process in consultation with the PC
 - Independent Evaluation Group or other third party evaluation of FCPF program, and/or an Ad Hoc Technical Advisory Panel reporting to the Participants Committee
- Communication of findings and insights, and methods to countries, investors, UNFCCC

Background (2)

- First Evaluation of the FCPF completed in June 2011
- First Global Program Review of the FCPF conducted by the IEG in August 2012
- FCPF Monitoring and Evaluation Framework adopted by Participants Committee
 - Provides for frequency of future evaluations of the Facility
 - Second evaluation in 2015
 - Third evaluation in 2017
 - Final evaluation in 2020

Update since PC 20 (Costa Rica) (1)

Key steps completed since Costa Rica

- Completion and acceptance of Inception Report (October 2015) by Oversight Committee and Reference Group
- Indufor contract modified to include additional 3 country field visits as agreed at PC in Costa Rica to bring the total number of country visits to 6; and Indufor participation at PC meeting
 - Contract will be further adjusted for 5 countries; and additional iteration of report
 - Overall contract amount within budget approved by PC
- Shift in evaluation timeline
 - Submission of final report from Indufor envisaged in mid June 2016 instead of envisaged April 2016

Session Structure

- May 3, 2016 (Today)
 - Update by Oversight Committee
 - Nicolas Duval-Mace (Co-Chair, OC)
 - Claire Martin (Co-Chair, OC)
 - Evaluation approach and key findings
 - Majella Clark (Team Lead)
