

Indonesia's Progress on FCPF Readiness Grant Activities

**Dinesh Aryal, Task Team Leader, World Bank Indonesia
FCPF Participants Committee (PC24) Meeting
Luang Prabang,
September 25-29, 2017**

Indonesia's REDD+ Readiness Preparation: FCPF Support and Key Milestones

- ❖ **March 2009**: Draft R-Plan submitted in the 2nd PC meeting in Panama;
- ❖ **June 2009**: Updates R-Plan (R-PP) submitted in the 3rd PC meeting in Switzerland and was accepted;
- ❖ **June 2011**: FCPF REDD+ Readiness Preparation 1st grant (\$3.6m) signed;
- ❖ **July 2014**: Mid-term report presented to the 17th PC meeting in Peru, and PC allocated \$5.0m additional funding (AF);
- ❖ **June 2016**: ER-PIN for East Kalimantan accepted by 14th CFP meeting in France;
- ❖ **November 2016**: AF grant (\$5.0m) signed;
- ❖ **September 2017**: R-Package presented to PC24 meeting in Laos for endorsement;
- ❖ **September 2017**: Letter of Intent (LOI) expected to be signed; and
- ❖ **2018**: ER-PD for East Kalimantan is expected to be submitted (preparation on-going; draft expected to be reviewed in October 2017 GOI-WB joint mission).

INDONESIA'S REDD+ IS PART OF THE SUSTAINABLE LANDSCAPES PROGRAM WHICH AIMS TO ADDRESS CRITICAL DEVELOPMENT ISSUES...

*...with transformational action to reduce poverty,
improve governance of natural assets (land, water, forest)
and promote shared prosperity*

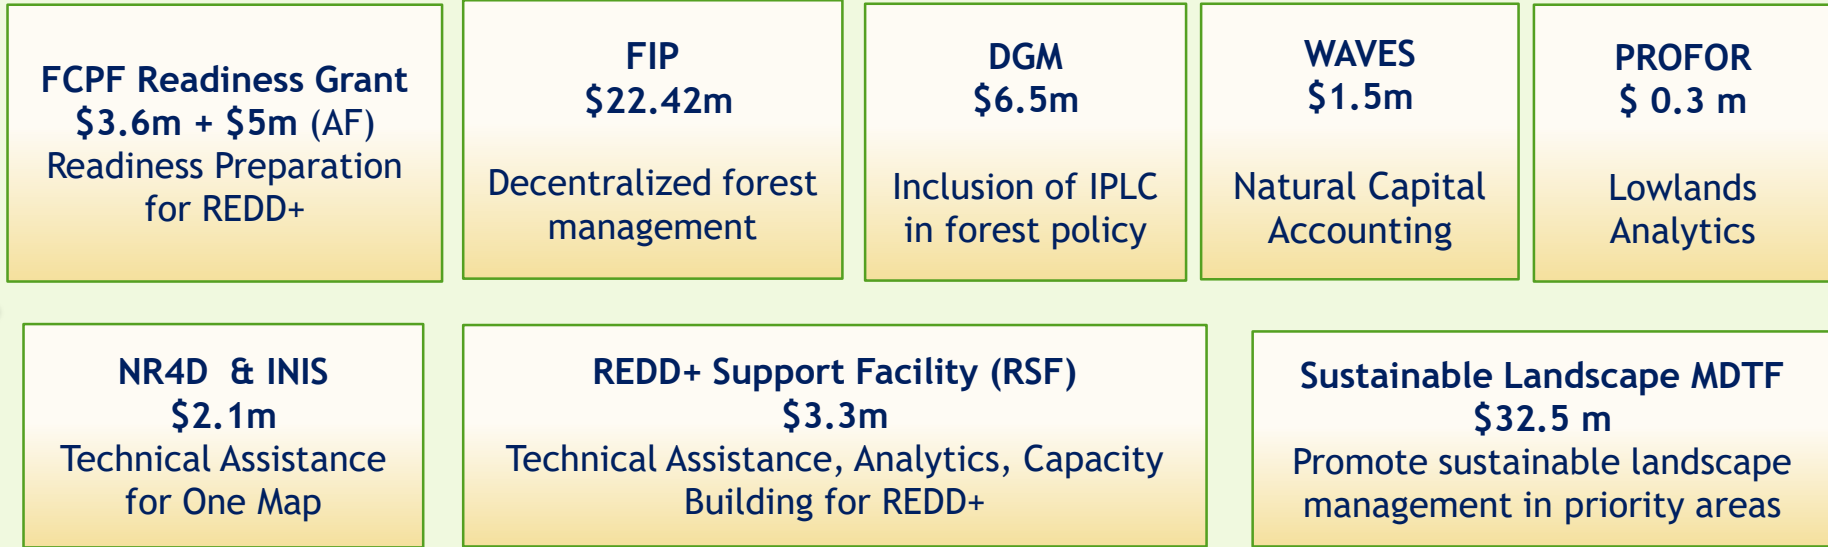

*The Sustainable Landscape Program is one of six
engagement areas of the World Bank Country Partnership
Framework FY16-FY20 agreed between the Government of
Indonesia & the World Bank....*

*The Sustainable Landscape Program includes a number of
sub-programs/projects and analytics.....*

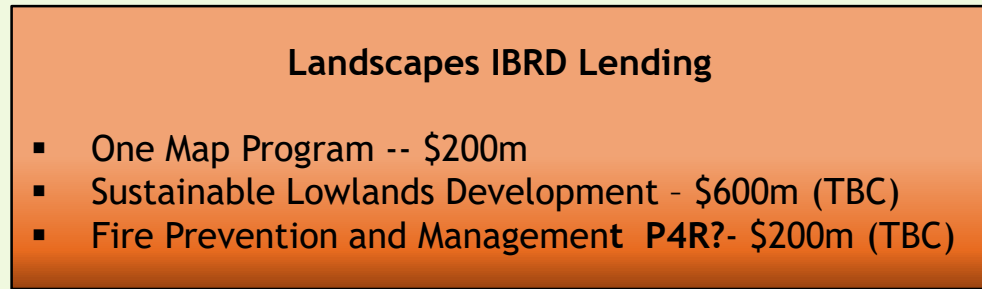

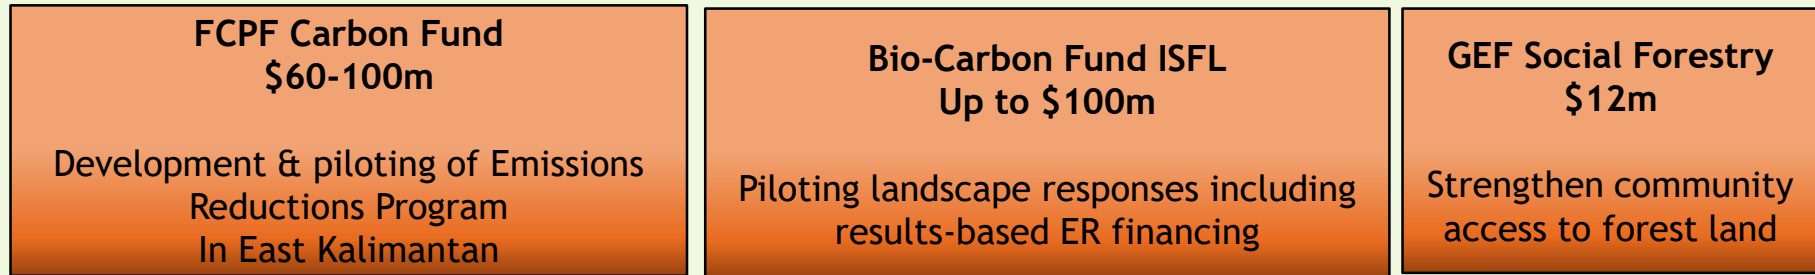

WORLD BANK-MANAGED FINANCING FOR LANDSCAPES IN INDONESIA

**Committed
\$ 77.2
million**

**In
Preparation
\$ 372 m to
1.2 b**

GOI HAS SHOWN COMMITMENT

- ❑ Jokowi's speech at COP21 made strong commitment to stop Fire and Haze
- ❑ Commitment to accelerating One Map – request for \$200 m IBRD loan
- ❑ Peatland Restoration Agency (BRG) created, tasked with restoring 2.1m ha
- ❑ Peatland Moratorium (Dec 2016) - No conversion
- ❑ Oil Palm Moratorium (Apr 2016) -- No new OP licenses
- ❑ Legal cases against concession holders for fires within concessions; increased patrols for early suppression
- ❑ Efforts to improve fire prevention and response
- ❑ Ratified Paris Agreement, and NDC submitted and under implementation
- ❑ Commitment to land reform: Agrarian Reform (TORA) and Social Forestry
- ❑ Global climate and environment funds:
 - ✓ FIP Effective (Sept 2016), DGM Effective (June 2017)
 - ✓ Submission of: FCPF ER-PIN (Apr 2016); R-Package (Sept 2017)
 - ✓ BioCarbon ISFL (donor visit in March and reconfirmation of interest-May 2017)
 - ✓ Social Forestry GEF (Concept Note submitted–August 2017)

GOI HAS SHOWN COMMITMENT

Challenges:

- ❑ Inter-sectoral coordination remains a challenge

- ❑ Decision making process takes time:
 - ✓ Decision are made by consensus;
 - ✓ Bringing all provinces in the same wavelength require added effort and time;
 - ✓ Implementation of new Policy on decentralization (Law 23/2014 on regional government) - many forest management responsibilities have been clawed back from the districts to the provinces

- ❑ Institutional changes at the Ministry of Environment and Forestry took some time; further delaying the agenda

- ❑ Evolving agenda at global level - Aligning national and sub-national policy dialogue and activities in evolving global climate change negotiations takes time

Indonesia's REDD+ Readiness Preparation: MTR to now and beyond

❖ What has happened?

- ✓ Deepening engagement at national and sub-national level
- ✓ Two large-scale provincial performance-based programs under preparation in East Kalimantan (FCPF Carbon Fund) and in Jambi (BioCF ISFL)
- ✓ ER-PIN (East Kalimantan) and R-Package finalization (national)
- ✓ Project concept for BioCF (Jambi) and draft ER-PD (East Kalimantan)

❖ What needs to happen moving forward?

- ✓ Institutional arrangements both at the National and sub-national level with multi-sectoral agencies to lead and guide the process
- ✓ Complete the national readiness process
- ✓ Building capacity at national and sub-national levels, especially for finalizing the design of two pilots, their implementation and replication to other provinces

Thank You
