

Forest Carbon Partnership Facility

UPDATE ON TOR FOR REDD COUNTRY OBSERVERS FOR CARBON FUND

Twenty-Fifth Meeting of the Participants Committee (PC25)
Washington, DC
March 28, 2018

- Niken Sakuntaladewi. SE ASIA
- Rene Ngamabou Siwe AFRICA
- Héctor Arce Benavides LATIN AMERICA

Enhancing REDD country involvement in the FCPF Carbon Fund

- Clearly define the roles and responsibilities of REDD country observers (REDD Country observers to work closely with FMT to outline the roles and responsibilities)"
- REDD countries should be briefed of the roles and responsibilities prior to taking up the position"
- Create a forum for REDD countries to discuss issues related to the Carbon Fund. This may be a parallel session during the PC meeting chaired by the REDD Country observers. This will enable direct dialogue between REDD countries on pertinent issues related to the Carbon Fund"
- Enable REDD countries have a real and coordinated input into the CF - share common concerns and provide ideas etc.

TOR proposition

- "1-year mandate "
- " Attend CF and PC meetings (2 CF meetings and 2 PC meetings)"
- " Prior to the CF meetings, collect inputs from their respective REDD country constituencies (Africa, Latin and Central America, Asia) on the agenda items (including REDD country presentations) and closely follow discussions related to the CF and inform the respective REDD country constituencies (Africa, Latin America, SE Asia)"
- " Liaise with REDD countries in the CF pipeline/portfolio in identifying pertinent/key issues related to their respective submissions to the CF"
- " Work closely with FMT and CFP to better understand concerns regarding REDD country submissions"
- " Participate in discussions related to submissions from REDD countries, as appropriate "
- "Exchange with other REDD country observers to understand issues of common interest"
- " Maintain dialogue with REDD countries in the CF pipeline/portfolio To do (current REDD country observers)"
- " Work with FMT to develop a template to facilitate communication among REDD countries"
- " Work with FMT to update/create mailing list for the respective constituencies "
- Prepare an agenda and organize parallel session with REDD countries during PC/PA meetings to share any updates from CF meetings

THANK YOU!
