Overview of Technical Advisory Panel (TAP) Review Process

- Continuing the established procedure, reviews of several country R-PPs for PC8 were conducted by:
 - 1) **TAP country review teams**
 - 2) **Groups of PC members**
- **TAP Country R-PP Review Teams:**
 - **5 to 8 individual experts nominated & included on FCPF Roster of Experts. Cross-disciplinary & regional expertise: forest policy, MRV**
 - **2-3 in-country experts, including indigenous peoples expert**
- **Usually two lead reviewers (Northern and Southern): with TAP R-PP review experience, to ensure consistency**

TAP and PC Review Methods

- **TAP Review:**
 - Individual reviews, using standard review template
 - Conference calls
 - Lead reviewers produces single synthesis review. Individual TAP experts comment
- TAP conference call with country on TAP draft review synthesis
- Country revises R-PP, showing changes made
- Final TAP country review synthesis, reflecting revisions to R-PP, posted on web
- PC review: usually 3 or more volunteers review R-PP submission in revised form after TAP comments. Posted on web.
- FMT has revised schedule for PC10 and onward, so PC only reviews the revised R-PP reflecting TAP comments
