Areas for Improvement

- **1b. Provide more information on meetings and /or workshops with key stakeholders in relation to the present proposal and the REDD+ model in general, providing views, concerns and discussions from Stakeholders.**
- **Elaborate more on the conflict resolution arrangement at national and regional level.**

Areas for Improvement

- **2b. Provide more information on procedures and methods that will allow IPs and peasant communities to access the elaboration of viable projects and participate of the REDD+ process.**
- **4b. Include a socioeconomic study for small family forest owners, in order to measure their quality of life and thus counteract deforestation for firewood**
- **Identify activities for integrating multiple benefits, impacts and governance issues within the monitoring system.**
- **A description of measures that can help to monitor governance issues will also be helpful.**

Thanks
