

By Xavier Mugumya

R-PP Secretariat			
Alex B. Muhweezi	Technical Coordinator, REDD Readiness Preparation Proposal		
Sheila Kiconco	Programme Officer, REDD Readiness Preparation Proposal		
Xavier Mugumya	National Coordinator Climate Change/REDD Focal Point (NFA)		
REDD-Plus Working Group (30-60 members)			
Sara Namirembe (PhD)	Katoomba Group		
Robert Charles Aguma	ASRDEM Ltd		
Timm Tennigkeit (PhD)	UNIQUE East Africa Ltd		
Sean White	Independent Forestry Consultant		
REDD -Plus Steering Committee (25-30 members)			
ILICAL Environmental Alert Care Uganda, Water Governance Institute, Eco Trust, Tree Talk			

IUCN, Environmental Alert, Care Uganda, Water Governance Institute, Eco-Trust, Tree Talk, ACODE, Tobari/IPACC, NAPE, BUCODO and Uganda Media Trust

Financing: R-PP formulation Grant from FCPF US\$ 200,000; Royal Norwegian Embassy in Uganda US\$ 183,500; GoU and other civil Society Organizations: in Kind

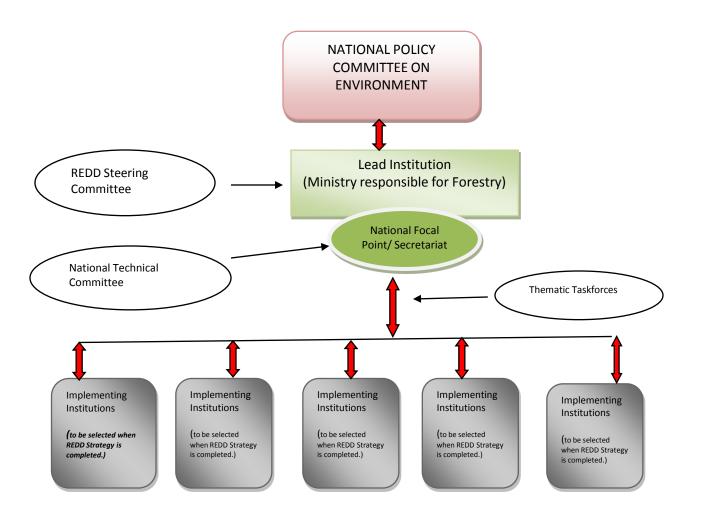

#### 1a. National Readiness (Continued):

### Stakeholders and their roles in R-PP formulation and implementation 2

INSTITUTION	SUMMARY OF THE MANDATE/ROLES	
Stakeholders	Participating in implementation processes	
The National Policy Committee on Environment	Help to harmonize policies; provide functional	
(Legal organ established in 1995 under the	linkage with the executive and cause smooth	
Environment Act of Uganda (Cap 153))	integration of REDD-plus in Development plan	
Ministry of Water and Environment	Supervision, co-ordination and reporting	
Forestry Sector Support Department (FSSD)	Implements mandate of the Lead Ministry; hosts	
serving as National REDD-Plus Focal Point	the focal point for REDD	
National Technical Committee	Replaces the current REDD-plus Working Group	
Implementing institutions	Participate on Committee but also implement as	
	assigned	
Task Forces (five theme based task forces)	Provide in-house expertise	
Coordination Coordination and supervisions	Executive functions (MoWE); within the framework	
responsibility of the Lead Ministry	of multi-sector approach	
Policy level Coordination and supervision by	Will be done by the National Level Steering	
REDD-Plus Steering Committee	committee	
REDD-Plus Steering Committee	Provide strategic direction	

## Uganda R-PP Implementation Coordination and Supervision Structure

### 1 b. Stakeholder Consultation and Participation during R-PP formulation:

ASPECT OF CONSULTATION	REMARKS
REDD Working Group	Met more than 12 times from March 2010 to Feb 2011
REDD-Plus Steering Committee	REDD-Plus Steering Committee met at least 3 times
Stakeholder consultations (Nearly 2,500 people representing 7 different categories of stakeholders were directly consulted)	Region and Area of Focus
	<ul> <li>a) National</li> <li>b) Regional (Eastern, Northern, Western, Central)</li> <li>c) Special Groups (Charcoal, firewood, pole, dealers, etc)</li> <li>d) Forest Dependent People in 3 different areas</li> <li>e) Community level Stakeholders (South-western, Central, Eastern, Northern, North-west)</li> <li>•National (Policy, Development Partners)</li> </ul>
	Media and Publicity
National Stakeholders meeting	1 meeting to validate the draft R-PP (when?)

# 2a. Assessment of land use, National Forestry Authors forest policy and governance 2b. REDD Strategy Options

#### 2a. Assessment

- Study findings and consultation outputs were combined to identify drivers of DD
- 1. Agricultural expansion into forested land
- 2. Population growth
- 3. Unsustainable cutting of trees for charcoal
- 4. Unsustainable cutting of trees for firewood
- 5. Unsustainable harvesting of timber
- Livestock grazing and bush burning

#### 2b. REDD Strategy Options

 Options are geared at addressing both the policy failures as well as promoting good practice

#### 2c. REDD Implementation Framework

The ToRs were prepared

#### 2d. SOCIAL AND ENVIRONMENTAL IMPACTS

SESA/ESMF ToR prepared

## COMPONENT 3: DEVELOP A REFERENCE SCENARIO COMPONENT 4: DESIGNING A MONITORING SYSTEM

#### **Component 3: Reference scenarios**

- Data Source: National Biomass Study (NFA, 2009)
- Historical emissions: we shall use the IPCC Guidance
- Consideration of influence of identified drivers

#### **Component 4: MRV**

- Scope of MRV: Cover the whole country and with a potential for sub-national level early MRV to contribute to the national one;
- Steps: Tier 2 data on national level and then use Tier 3 data for hot spots for the monitoring of emissions or emission reductions from forests

## COMPONENT 3: DEVELOP A REFERENCE SCENARIO COMPONENT 4: DESIGNING A MONITORING SYSTEM

#### **Component 3: Reference scenarios**

- Data Source: National Biomass Study (NFA, 2009)
- Historical emissions: we shall use the IPCC Guidance
- Consideration of influence of identified drivers

#### **Component 4: MRV**

- Scope of MRV: Cover the whole country and with a potential for sub-national level early MRV to contribute to the national one;
- Steps: Tier 2 data on national level and then use Tier 3 data for hot spots for the monitoring of emissions or emission reductions from forests

#### COMPONENT 6: SCHEDULE AND BUDGET

Summary of Activity Plan and Schedule for Developing REDD-plus Consultation and Out-reach Plan and Budget	\$338
Summary Activity Plan and Schedule for Developing Conflicts and Grievances Management Strategy and Budget	\$44
Summary Activity Plan and Schedule for Developing REDD-plus Awareness and Communication Strategy (RACS) and Budget	\$139
Summary of Activity Plans and Schedule for carrying out Assessment of Land Use, Forest Policy and Governance Activities and Budget	\$625
Summary Activity Plans and Schedule for Developing REDD-Plus Strategies and Budget	\$7,605
Summary Activity Plan and Schedule for developing REDD Implementation Framework and Budget	\$640
Summary Activity Plans and Schedule for Developing the ESMF and budget	\$305
Summary Activity Plan and Schedule for developing Reference Scenario and Budget	\$1,600
Summary Activity Plan and Schedule for developing MRV and Budget	\$1,230
	12,526
