FOR UGANDA’S NATIONAL REDD+ PROGRAMME IN CENTRAL, MID-EASTERN AND
SOUTHERN UGANDA**

REFERENCE NO: MWE/...../...../.....

Strengthening Participatory Structures and Conducting Capacity Building Trainings to Enhance Stakeholder Engagement at Subnational Levels for Uganda’s National REDD+ Programme in Central, mid-eastern and southern Uganda.

1.0 Introduction

Uganda became a Participant of FCPF in 2008 and in 2009 received a first US\$200,000 Grant through the World Bank to prepare a REDD+ Readiness Preparation Proposal (R-PP). Uganda embarked on R-PP preparation phase in March 2010 which was approved during the ninth Participants’ Committee meeting in Oslo in June, 2011 with comments. Uganda submitted an acceptable and updated R-PP in May 2012 after which a second US\$3,634,000 Readiness Preparation Grant Agreement was signed on July 10, 2013 between the Government of Uganda (GoU) and the International Bank for Reconstruction and Development (IBRD/World Bank). Additional support has been received from the Grant Agreement with Austrian Development Agency (ADA – US\$ 870,000) and UN-REDD Targeted Support (US\$ 75,000), UNREDD National Programme (US\$ 1,798,670 until January 2017) and GoU contribution (US\$ 472,000 in kind).

As part of its R-PP process, Uganda designed a robust, inclusive, and elaborated Consultation and Participation (C&P) Plan, which includes a communication, and awareness plan as well as a feedback grievance and redress plan. Uganda R-PP implementation envisages continuous consultations and outreach with stakeholders. The overall intention of the C&P plan is to provide a framework for effective stakeholder participation in order to ensure an inclusive and informed consultation and participation by relevant stakeholders in the process of preparing a National REDD+ Strategy. Stakeholder participation will be enhanced, by among others, provision of comprehensive, accurate and timely information about REDD+ over-all and the progress in preparing the REDD+ Strategy for Uganda. A successful application of the C&P should lead to a transparent and credible REDD process for Uganda with sufficient information accessed by stakeholders.

The undertaking involves 4 NGOs/CSOs under separate contract as follows:

- a. **IUCN:** with lead responsibility to : i) coordinate the over-all undertaking and delivery of over-all outputs stipulated in the TORs (Annex 1); ii) Strengthen Participatory Structures and Conduct Capacity Building Trainings to Enhance Stakeholder Engagement for Uganda’s National REDD+ Programme at national level as well as in Mt Elgon, Kalamoja and Northern Region.
- b. **Environmental Alert:** with responsibility to: i) Strengthen Participatory Structures and Conduct Capacity Building Trainings to Enhance Stakeholder Engagement at Subnational Levels for Uganda’s National REDD+ Programme in Central, mid-eastern and southern Uganda.

- c. **WCS:** with responsibility to Strengthen Participatory Structures and Conduct Capacity Building Trainings to Enhance Stakeholder Engagement for Uganda’s National REDD+ Programme in Albertine Region.
- d. **Tree Talk:** with responsibility to: i) Developing and producing communication messages and tools/materials; ii) Provide support to the three NGOs in disseminating communication messages and raising awareness within their scope of assignment and geographical locations.

2.0 Objective of the Consultancy

The aim of this assignment is to set up and strengthen Uganda’s Consultation and Participation structures to support the consultation with stakeholders and enhance full and effective participation of stakeholders in Uganda’s REDD+ process in Central, mid-eastern and southern Uganda and for CSO members of the ENRCSO network, UFWG and Forest Governance Learning Group.

The specific objectives of the Consultancy are to:

- a. Set up the Consultation and Participation structures through undertaking:
 - i. Gap analysis of the stakeholders to be targeted for the C&P;
 - ii. Gender gap analysis; and
 - iii. Identifying participatory structures and assessing their capacity gaps that will be targeted in order to strengthen and enhance their performance.
- b. Enhance awareness of various stakeholders on REDD+ issues through:
 - i. Raising public and stakeholder awareness of REDD+ and R-PP Process;
 - ii. Mobilizing stakeholder’s involvement in the REDD+ Strategy development and implementation; and
 - iii. Communicating to the stakeholders on Uganda’s preparations for “becoming” Ready for REDD+.
- c. Facilitate consultations to discuss the key issues emerging from technical/expert assessments of drivers of Deforestation and Forest degradation, institutional structure, NFMS/MRVs, benefit sharing and SESA/Safeguards, among others.
- d. Undertake consultations on specific activities to be implemented using FCPF resources.

3. Other information and expectations

3.1 Contextualizing Participation and Consultations

As part of its R-PP process, Uganda designed a robust, inclusive, elaborated Consultation and Participation (C&P) Plan in 2013, which includes components for communication and awareness plan as well as feedback grievance and redress. Uganda R-PP implementation envisages continuous consultations and outreach with stakeholders.

The C&P plan identifies various participation structures and processes at national and local level with potential to be utilized to foster stakeholder engagement. They include the Parliamentary

Forum on Climate Change, Forest stakeholder forums at national and regional levels, Traditional and Cultural forums, Gender-based associations, Community forest committees, Traditional leaders' associations, among others. However, these structures and processes may not be exhaustive of all existing ones neither do they have adequate capacity to address uniqueness of REDD process and issues there from. Preliminary capacity gaps are identified and presented in the C&P plan. Uganda is committed to strengthen these structures or establish new structures where appropriate, at all levels and use these structures to provide stakeholder platforms their engagement with the REDD+ process. These platforms will also provide opportunity for communication, outreach and feedback into the REDD+ process.

The process of designing and implementation of the C&P plan shall receive oversight from the SESA/C&P Task Force. Specifically, the SESA / C&P Taskforce will support the technical coordination of the implementation of the C&P plan; as well as the SESA, ensuring that consultation and participation in Uganda's SESA process takes into account all relevant stakeholders including marginalized groups.

3.2 Coordination

The undertaking will be implemented by the 4 NGOs coordinated by IUCN. Each NGO will be issued a separate contract for the assigned tasks. It is thus expected that 4 NGOs will develop a collaborative approach that shall recognize the lead role of IUCN and also promote complementarity and synergies within the activities.

The Lead institution will be responsible for:

- a. Convening planning and coordinating meetings for the 4 NGOs
- b. Harmonizing activity plans for the 4 NGOs aiming at ensuring that complementarity and synergies within these activities are optimally utilized.
- c. Harmonizing reporting and ensuring consolidated reports to the MWE on the over-all outputs and deliverables.

The WCS, Tree Talk and Environmental Alert will be required to participate in all planning, monitoring and reporting processes, avail information to IUCN and provide the requisite support to IUCN in order to effectively undertake the lead role.

The National REDD+ Focal Point will convene a pre- proposal submission meeting aiming at clarification the undertaking and proposed implementation arrangements. Further, the National Focal Point may participate in planning, monitoring and reporting processes, where appropriate.

Specific Tasks for Environmental Alert

The scope of services in this Consultancy shall comprise:-

- a. Participate in and collaborate with the other NGOs in this undertaking in the delivery of over-all outputs stipulated in the TORs.
 - b. Setting up the Consultation and Participation structures and processes at sub national level covering Central, mid-eastern and southern Uganda through undertaking:

			<i>The Consultant will submit consolidated report on all workshops detailing out the scope of consultations or training covered, key messages and lessons.</i>	

The consultant is encouraged to assess the appropriateness of the suggested milestones and comment upon realistic expectations, especially with regard to the allocated time frames for the activities in the comments to ToRs.

All reports have to be submitted in both soft (*unlocked MS Word, PDF*) and hard copy. The hard copies will be prepared in DIN A4 format, except for plans and drawings which should be prepared in DIN A3 format. The reports should be clearly labelled i.e. title of the study indicated, for easy identification and documentation purposes. All reports shall be prepared in English language. The Client will provide comments on each as indicated for each report (below), and the consultant will only proceed thereafter.

5. Deliverables

The consultant shall submit deliverables as listed in table above

6. Methodology

In order to accomplish the assignment, the consultant shall propose a methodology for carrying out the proposed activity and how these will lead to the delivery of the outputs (described above). In addition, it is expected that the proposed methodology shall, as much as possible link with and compliment the work of the national REDD+ process, and in particular with UNFCCC requirements for full and effective participation as it is applicable to countries when they are developing as well as implementing the elements below:

- a) A national strategy or action plan including:
 - i. Drivers of deforestation and forest degradation
 - ii. Land tenure issues
 - iii. Forest governance issues
 - iv. Gender considerations
 - v. Safeguards
- b) A national forest reference emission level and/or forest reference level.
- c) A robust and transparent national forest monitoring system.
- d) A system for providing information on how the safeguards are being addressed and respected throughout the implementation of REDD+ activities.

It is also expected that the consultant(s) shall consider safeguards provided in the:

- i) World Bank's FCPF's and other development partners' aspects on "full and effective participation" of key stakeholders, for example, the Joint FCPF and UN-REDD's " Guidelines on Stakeholder Engagement in REDD+ Readiness with a focus on the participation of indigenous peoples and other forest-dependent communities".
- ii) World Bank Safeguard policies.

Whereas part of the methodology that will be proposed by the consultant(s) for carrying out the proposed activity will include extensive desk review of available secondary information and structured interactions with key stakeholders in the field, it is expected that the consultant will collect information from field interviews and observations. For the collection of primary information, the consultant is expected to spend sufficient time on field visits. It is expected that the

consultant will adopt different participatory appraisal techniques to obtain quantitative and qualitative information.

7. Consultation and Participation of Key Stakeholders

Since the assignment is primarily aimed at setting up and strengthening Uganda's Consultation and Participation structures to support the consultation and enhance full and effective participation of stakeholders in Uganda's National REDD+ Process, the consultant shall take extra care to prepare and make presentations, including facilitating/carrying out consultations, in accordance with the consultations and participation plan contained in the R-PP and as will be improved, which clearly identifies relevant stakeholders. In this respect the consultant will be expected to:

- a. Make a presentation of the draft inception Report to the National Technical Committee or Taskforce representatives, and the REDD+ Secretariat.
- b. Make periodic (at least once a month) presentations of progress on the assignment to the REDD+ Secretariat.
- e) Hold the following consultation workshops on issues contained in the draft Report:
 - i. Three (3) Consultative meetings to validate the C&P structures in Jinja, Mityana/Masaka and Mbarara.
 - ii. 3 regional level trainings workshops in Jinja, Mityana/Masaka and Mbarara.
 - iii. 3 sub-regional level targeting Local communities , informal sector, forest dependent communities and local communities) in Jinja, Mityana/Masaka and Mbarara, to key issues emerging from the expert assessments envisaged under the other work streams (i.e. workstream on safeguards especially SESA, strategy options development, FRGM, Benefit Sharing and FERL/FRL).
- f) Facilitate 3 sub-regional level meetings convened in Jinja, Mityana/Masaka and Mbarara to discuss the draft national REDD+ strategy and ensure that it integrates the agreed positions from the consultations and expert assessments.

Thus the Consultant will be required to include a provisional sum of 30,000 US\$ to meet costs of holding the consultative and participatory workshops. The Client will pay the Consultant based on actual and approved expenditure of the Consultant's budget (for workshops) which will have been discussed and agreed to prior to commencement of the Consultancy. The basis for payment of participants by the Consultant will be full participation for the entire duration of the workshop together with an authentic invitation letter of the participant. The workshops will be facilitated by the Consultant. At each workshop, the consultant will make Power Point presentations, provide concise background documents for discussion and prepare workshop reports to document the proceedings. In addition to the national workshops described above, the consultant will be expected to conduct informal stakeholder engagement sessions (workshops, meetings, etc.) throughout the duration of the assignment. The costs of holding national workshops and stakeholder consultations must be included in the consultant's proposal.

8.0 Key Professional Staff

The staff to be provided by the Consultant shall be sufficient to cover all the phases of the assignment. The Consultant shall also provide other support staff, technical and non-technical, that

are needed for the execution of the services.

The key professional staff shall include the following:
